

Kamps Environmental Policy

Environmental Policy / Mission Statement

Kamps, Inc. is committed to protecting the environment, the health and safety of our employees, and the communities in which we conduct our business. It is our policy to seek continual improvement throughout our business operations to lessen our impact on the local, national, and global environments by conserving energy, water and other natural resources; reducing waste generation and recycling materials when possible. We are committed to environmental excellence and pollution prevention.

Environmentally Preferable Purchasing (EPP) Policy

Where feasible, preference will be given to purchasing products and services that have the following environmentally friendly attributes - with acceptable parameters for price, quality and delivery:

- Maximizes post-consumer recycled content.
- Minimizes packaging and other wastes.
- Are durable and reusable.
- Are more locally available to minimize transportation.
- Are made from sustainably produced materials.
- Conserves energy, water and other natural resources.

Primary Objectives

As one of the nation's largest pallet recyclers and pallet companies, Kamps has a unique set of objectives.

- Maintain zero wood waste in our production facilities.
- Increase the use of recycled materials.
- Promote energy conservation.
- Lower our carbon emissions.
- Reduce the use of hazardous substances in our operations.
- Comply with local and U.S. federal environment standards for the safe storage and use of any hazardous substance.
